Commissioner for Patents

This communication is to inform applicant the status of the 35 USC 112 rejection of claim 1 since it was excluded from the Examiner's answer filed 10/17/08. The 35 USC 112 rejection is maintained by the examiner and reads as follows:

Claim Rejections - 35 USC § 112

The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claim 1 recites the limitation "said internal market share model" in line 16. There is insufficient antecedent basis for this limitation in the claim.

This communication is also to inform the applicant that the IDS's filed 5/8/08 and 3/9/01 have been considered by the examiner and are attached to this communication.
